

Final examination Master's degree program Fine Arts

I. Registration

- a) Please submit this registration form to the Examination Office before the deadline.
- b) Please obtain a signature from two members of the teaching staff as confirmation that they have assessed the Master's thesis. One of the two examiners must be members of the Department of Theory and History.
- c) Students must have gained a minimum of **60 credits** (recorded in their Study Book) to register for the final examination.
The Master's degree course is made up of a total of 120 credits.
30 credits are awarded for a successful examination.
A further 30 credits must be achieved between registering for and sitting the examination, unless you hold more than the 60 credits when submitting the application.

After completing the registration process, you will receive written admission to the final examination.

II. Submission of the Master's thesis

You have three months from the date of the letter of admission to submit the Master's thesis to the Examination Office. The exact date is stipulated on the written admission to the examination.

Please submit the following:

- an original copy for both examiners;
- an original copy for the library;
- an electronic copy which will be retained by the HFBK.

III. Presentation / colloquium

You are to produce a portfolio for your presentation for submission to the members of the examination board.

In order to receive your certificate documents (even the preliminary certificate), you are required to prove that you hold **90 credits** in your Study Book. It takes some time to issue the certificates; we are happy to issue a preliminary certificate reflecting your examination performance.

All information and deadlines are listed on the website here:
